**Join us on an exciting new cruise group program that enables both men and women to have the time of their lives on a luxury cruise, and guarantees that everyone will have ample opportunity to socialize. All clients in our private cruise club are pre-selected by a certified marriage counselor, and an equal number of men and women are invited to participate in each sailing. To join our cruise groups, both male and female clients must agree to participate in one-on-one dates with other clients their choice. We call our clients "Dream Dates."**

### **What's Wrong With the Typical Singles Cruise?**

We've found that traditional singles cruises just aren't usually very satisfying. If you're a guy, you typically find, frankly, that there aren't that many attractive, desirable women in the group. Also, there are often fewer women than men. And, the women who are worth noticing are immediately snapped up and dominated by other guys! You don't even get the chance to spend quality time with them. And, if you're a woman, you often have to strike up a conversation with a guy who is totally unknown to you, and without the benefit of an introduction. It can feel really uncomfortable! And there are other problems. The groups are often conducted in a very amateurish manner, with no real introductions or opportunity to get to know quality people.

### **The Dream Dates At Sea Difference**

- **Private cruise club with pre-selected male and female clients**
- **One-on-one private dates each evening**
- **Equal Number of Men & Women**

### **Join Us!**

We offer you the people and the setting that practically *guarantees* you'll have a great time, and maybe even meet the person of your dreams!
